

## William C. Harp

Bros,

I came out of Escondido High School knowing almost everything --- after all I was 18!!

I learned a lot at the Business School at San Diego State and at USC while earning my Masters Degree but neither of them brought me what I received from you at Sigma Chi. You taught me how to have fun, get into trouble, and to enjoy life. You gave me friendship, loyalty, incessant needling and the brothers I never had before. You added a dimension to my life that has filled it with laughter, tears and joy. Take solace that the circle of brotherhood will always be there for you.

As I prepare to leave now, I want you to know that you have enriched my life – and I hope I shared the same with you over the years.

In Hoc,
